Jeremiah 1:5a

Our God is a relational God who thought about you and created you with purpose. He carefully crafts each human life to bear His image; there are no mistakes. God knows each of us by name. You matter to Him. From preborn babies to aging adults, individuals with special needs or orphans – **all of us are known by God.** The value that God has given to human life cannot be diminished by age, gender, race, social status or abilities. God has given each life intrinsic value and we, as the Church, are called to protect and preserve the dignity of every human life.
